UFO's and more!

Patricia Morris, Instructor **\$35.00**

Pat will be able to help you with those UFO's - UnFinished (bobbin lace) Objects that we all seem to have around. Her repertoire includes Tønder, Flanders, Schneeberger and s'Gravesmoer Bobbin Laces but seems to expand to more. If all your pieces are finished or you have an empty pillow, she can help you start another project. in: **Tønder Bobbin Lace, Flanders Bobbin Lace, Schneeberger Bobbin Lace, s'Gravesmoer Bobbin Lace, Torchon, Russian Tape Lace, or whatever you would like to try.** Just email her at lacemaker.pat@gmail.com

Knitted Lace

Tricia Weatherston, Instructor **\$35.00**

Knitted lace has yarn overs/patterning on both sides of the fabric, creating a more open lace effect. The Little Flowers Scarf combines knitted lace with lacy knitting, so just when you have had enough of the challenge of knitted lace, it is time to relax into the lacy knitting section. The pattern has directions for a scarf or can be knit wider to create a stole. Chart reading skills is important but not a requirement. The pattern can be seen on Ravelry as The Little Flowers Stole & Scarf.

Tatting: Animal/Vegetable/Mineral

Karey Solomon, Instructor **\$20.00**

This will be a morning class only.

We can fit in two projects – one is super quick, the other will take a little longer but you'll get a good start on it. **Mineral** first – you'll tat a scissors fob using beads and size 10 thread to surround an ice drop or marble. This is an amazingly quick, easy and addictive project that can also be used to ornament a variety of other things from shade pulls to mini-Christmas trees. **Vegetable** is a basket to tat with hemp, an amazingly soft, ecologically friendly fiber (think un-ironed, broken-in linen) to make a basket that will hold a tatting project. The **Animal** component – you'll find that part out in class, along with an animal-proof optional addition. Kit fee of \$15 includes pre-beaded thread for fob, the ice drop insert plus an extra few for later; a spool of hemp, pre-sewn basket form and Starlit shuttle, plus all instructions. You may pre-order the color of your choice by emailing Karey (threads@empacc.net) no later than two weeks before the class. This will also enable me to prepare basket bottoms so you can get a quicker start in class, and get that much closer to finishing.

Binche Bobbin Lace

Lee Daly, Instructor **\$35.00**

Binche is a beautiful bobbin lace that has been evolving since the 17th century. In its modern form, it is characterized by snowflakes and a variety of grounds. In this piece, you will make a sampler bookmark or small motif to learn basic snowflakes and grounds. Bobbin lace skills and chart reading are a must.

Beginning Bobbin Lace Barbara Saltern, Instructor **\$35.00**

For those with no or limited experience with bobbin lace, this class is for you. Find out how to make this wonderful art form as well as a lot of the details that are not necessarily available in a book.

Barbara Saltern has excellent lace skills and has taught bobbin lace many times. Kit with basic equipment and pattern is available for an extra fee of \$25.00

Beginning Tatting Dotty Wolfe, Instructor **\$20.00**

This will be an afternoon class only.

Learn the basics of this lovely art of lacemaking with only a shuttle and thread. Rings, picots, and joining are among the techniques you will learn when making this very portable art. You will need a tatting shuttle, 2 balls of size 8 pearl cotton – 1 white and 1 contrasting color. A small crochet hook for joining picots and scissor are helpful. Note: Any cotton thread will do but pearl cotton is preferred as it slips easily.
